Business Programs

The Ghana International Innovation & Technologies Centre.

Commercial & Industry Technical Business Training. For Women by Woman.

Introduction: The Centre is the 1st of its kind not just in Ghana.... But the whole of Africa, as to fully focus on Female Empowerment, across entire industry sectors. While the centre is open for all, the main core of the Technologies and Training Programs focus on RESULTS DRIVEN Female Business Development. Our Agricultural Training Programs offer STEM Level Training. Our Medical and Care Training Programs are NVQ Level (Now CQF) Our Economic Training Programs also offer a wide range of Certifications, with Qualified support at all stages. GFASH also has unique PROVEN technologies & innovations specifically designed and tested in Ghana, across the Africa Continent and in the UK. Our GFASH Board of Directors is 92% Female.
